

NOVEMBER 2016

STARS

MISSION

Our mission in STARS is to expand opportunities for positive youth development through high-quality, affordable academic, wellness, and enrichment programming outside of the traditional school day.

STARS students are taking advantage of homework help, mentoring, character education, hands-on academic lessons, STEM, art, music, physical education and many more engaging and enriching activities. Students in STARS are responding each day in achieving goals at school this first semester through attendance, grades, and academic achievement.

STARS

We Are THANKFUL

As we near our Thanksgiving holiday, we would like to share some things that we are thankful in the Kingfisher STARS program.

We are thankful for STARS students who eagerly attend STARS each day ready to be engaged in learning.

We are thankful for our beautiful buildings and schools where STARS students meet, and where each of our students can learn and grow.

We are thankful for our wonderful teachers and staff who go above and beyond each day in STARS to provide instruction and guidance to help each and every student succeed.

We are thankful for our STARS parents and guardians who support the STARS program. Thank you parents for all the ways you engage your child in conversation about what he or she is learning in school. Please continue to keep challenging your child to think critically and to be a creative problem-solver.

THANK YOU STUDENTS, TEACHERS, STAFF, and PARENTS and GUARDIANS for making Kingfisher STARS one of the best afterschool programs in our state.

- **SPECIAL DATES**
- **Kingfisher Pool will close Nov. 20. Beginning Nov. 20 we will no longer be swimming on Tuesdays and Thursdays.**
- **No STARS the week of Thanksgiving, Nov. 21-24**
- **Happy Thanksgiving.**
- **First Semester ends Dec. 9.**
- **Second Semester will begin Jan. 9.**

Parents-We Need You!

TEACH A STARS CLASS or VOLUNTEER TO HELP

If you would like to volunteer to teach a class or share a talent at STARS, we would love to have you. We have so many talented parents and we want you to consider sharing your talents with our after school students.

Please contact Lou Barrick or Terry Willis.
